

# POSTER GUIDELINES ICPR-2023

Each poster will be given a specific number. Please make sure to mount your poster on the poster board with the number corresponding to the number assigned to your poster presentation.

Posters should be brought to the conference – it will not be possible to print posters at the conference venue. Pins to fasten the posters to the poster boards will be available at the conference registration desk.

## POSTER SET-UP AND DISPLAY HOURS

There will be two poster sessions on 8 June (please see the programme for details) and the designated poster presenter (author or co-author) must be present at the assigned space during the designated time to discuss the work presented. All poster presenters must set up their posters either before 9 a.m on 8 June 2023 or during the coffee break 10-10.30 on 8 June. The posters must be kept on display for the whole duration of the day and preferably until the end of the conference – i.e., until Friday at noon. Posters which have not been removed by Friday afternoon will not be stored by the conference organizers.

## POSTER FORMAT

All posters should be in portrait format and size: **A0 (1189 mm high and 841 mm wide)**.

Single-spaced 32 font size is recommended – the text should be min. 24 font size. The text should be concise and easy to read. Text, figures, tables, photographs, etc. should be neat and legible from approximately 1.50m. Any illustrations should be enlarged enough to show relevant details.

## TIPS FOR POSTER PREPARATION

- **Content:** Use a short descriptive title, full name of contributing authors, author institutions, and emails.
- **Make your message clear:** Highlight your AIM and CONCLUSION on the poster using bold or colored fonts.
- **Be brief:** Use bullet points and only the most relevant text, 200-300 words is usually more than enough for the main text.
- **Prepare a pitch:** Know how to explain the main message of your work in one minute, making use of the illustrations and text on your poster.
